**QUARTERLY  
EXTERNAL TRADE  
STATISTICS**

**FIRST QUARTER**

**1985**

[Price : Rs. 30.00]

JULY 1985

## F O R E W O R D

The report on External Trade Statistics which was an annual publication is now being published on a quarterly basis. This has become necessary due to the pressing demand for prompt, detailed and more frequent statistics on external trade.

The quarterly report, as the annual one, is designed to disseminate in summary form and as soon as possible after the end of a quarter all data that have become available in the exports and imports of the country.

The amount of information given in the quarterly report is as comprehensive as that given in the annual version.

More detailed data appear in the Annual Report of the Customs and Excise Department.

Basic data for this publication have been obtained from the bills of entry of the Customs and Excise Department.

Some of the figures in this publication are provisional and are liable to revision in future.

Where necessary, figures have been rounded off to the nearest final digit, and in some tables there may be discrepancies between the sum of the constituent items and to the total as shown.

Figures for 1985 are provisional and subject to revision

**1. COVERAGE**

EXPORTS

- |         |   |
|---------|---|
| Cover   | 1. Domestic exports (including exports from the Export Processing Zone) |
|         | 2. Re-Exports   |
|         | 3. Export ex Warehouse  |
|         | 4. Returned goods   |
| Include | 1. Government, Parcel Post and Air Freight                              |
| Exclude | 1. Trade with Outer Islands   |
|         | 2. Ships' stores and bunkers  |

IMPORTS

- |         |  |
|---------|--|
| Cover   | 1. Landed merchandise sent to warehouse for subsequent delivery    |
|         | 2. Landed merchandise issued for home consumption                  |
| Include | 1. Government, Parcel Post and Air Freight                         |
|         | 2. Donations from other Government and International Organisations |
| Exclude | 1. Trade with Outer Islands  |
|         | 2. Bullion and specie  |

**2. VALUATION**

Exports are valued F.O.B. and imports C.I.F.

F.O.B. Free on Board

C.I.F. Cost, Insurance and Freight

All figures quoted are in Mauritian Rupees

**3. COMMODITY CLASSIFICATION**

The classification used for the compilation of trade statistics is based on the Standard International Trade Classification (Revised II) or S.I.T.C. (Rev. II). However, import and export bills of entry are being worked upon according to the Customs Co-operation Council Nomenclature (C.C.C.N.)

**4. ROUNDING OF FIGURES**

Figures have been rounded off to the nearest final digit and in some cases to the nearest one decimal place and as a result in some tables there may be discrepancies between the sum of the constituent items and to the total as shown.

**5. SYMBOLS**

- Nil or negligible      ... Not available      - . - Not applicable

**6. ABBREVIATIONS**

Rs :	Rupees	No.	:	Number
000 :	Thousand	M <sup>2</sup>	:	Square metres

## INTRODUCTION

### 1. Balance of Visible Trade

The total value of trade during the first quarter of 1985 reached Rs 3,243.2 million as against Rs 2,688.6 million for the corresponding quarter of the previous year. In real terms, this represents a growth of 5.2%.

The value of exports amounted to Rs 1,472.2 million and that of imports Rs 1,771.0 million leaving thus a deficit of Rs 298.8 million for the quarter. This compares with a deficit of Rs 324.0 million for the corresponding quarter of the previous year when value of exports totalled Rs 1,182.3 million while that of imports stood at Rs 1,506.3 million.

### 2. Price Indices and Terms of Trade

During the first quarter of 1985, the overall prices of exported commodities rose by about 3.1% with respect to the fourth quarter of 1984. At the same time import prices followed a similar trend but with a higher growth rate (4.9%). The terms of trade have therefore suffered a decline of about 2 points during the quarter (105 against 108 in the fourth quarter of 1984 with 1982 as base).

### 3. Exports

The total value of exports inclusive of ships' stores and bunkers during the first quarter of 1985 amounted to Rs 1,472.2 million as compared with Rs 1,182.3 million for the same quarter of 1984. In volume terms this represents a growth of about 6.5%.

The Rs 289.9 million increase in exports between the first quarters of 1984 and of 1985 is accounted almost exclusively by higher earnings from sugar (+ Rs 142.8 Mn) and EPZ goods (+ Rs 146.4 Mn). A breakdown of total exports between the first quarters of 1984 and of 1985 together with changes are shown hereunder:

COMMODITY	Value (f.o.b.) Rs Mn		
	1st Qr. 1984	1st Qr. 1985	Changes Increase (+) Decrease (-)
Sugar	625.9	768.7	+ 142.8
Molasses	-	-	-
Tea	88.6	76.3	- 12.3
EPZ	361.2	507.6	+ 146.4
Other domestic exports	15.9	19.7	+ 3.8
Total domestic exports	1,091.6	1,372.3	+ 280.7
Re-exports	15.3	21.9	+ 6.6
Ships' stores and bunkers	75.5	78.0	+ 2.5
Total exports	1,182.3	1,472.2	+ 289.9

During the first quarter of 1985, the contribution of sugar to total exports was 55% with Rs 768.7 million for 153.6 thousand metric tons. It is the first time since 1974 that a level of 150 thousand metric tons is being exceeded in the volume of sugar exports for a first quarter. Last year for the same period Mauritius exported 143.4 thousand metric tons valued at Rs 625.9 million and that represented 57% to total exports. The average price per metric ton of sugar exported for the first quarters of 1984 and 1985 amounted to Rs 4,365 and Rs 5,005 respectively.

It should be pointed out that there has been no export of molasses during the first quarter of 1985 as was the case a year ago.

As regards tea exports - 1,979 metric tons were exported for a value of Rs 76.3 million during the first quarter of 1985 as compared with 2,559 metric tons for Rs 88.6 million for the corresponding period in 1984. The average price per kg of tea exported is the highest ever obtained (Rs 38.57) for a first quarter. For the corresponding period of last year, the average price per kg worked out to Rs 34.64.

#### 4. Imports

The total value of imports of the country during the first quarter of 1985 has attained Rs 1,771.0 million as compared with Rs 1,506.3 million for the corresponding quarter a year ago, thus showing an increase of 13%. The higher value of imports is accounted for both by a rise of 12.9% in price and an increase of 4.2% in volume.

It is to be noted that the level of imports during the first quarter of 1985 is not far from the record level reached during the last quarter of 1984.

Additional imports of petroleum products (+ Rs 91.8 Mn) and of raw materials for the EPZ industries (+ Rs 93.9 Mn) explained more than two thirds of the increase in imports between the first quarters of 1984 and of 1985. On the other hand, decreases in the value of imports of fixed vegetable oils and fats (- Rs 16.1 Mn), dairy products (- Rs 14.3 Mn), chemicals (- Rs 20.0 Mn) and cement (- Rs 14.4 Mn) were registered and to some extent offset the rise in the import bill. The table below lists the important changes that have occurred between the first quarters of 1984 and of 1985.

C.I.F. value Rs Mn

COMMODITY	1st Qr. 1984	1st Qr. 1985	Changes Increase (+) Decrease (-)
Rice	72.0	84.3	+ 12.3
Wheaten flour	37.0	57.8	+ 20.8
Dairy products	59.5	45.2	- 14.3
Petroleum products	223.9	320.7	+ 96.8
Fixed vegetable oils and fats	64.2	48.1	- 16.1
Chemicals	111.0	91.0	- 20.0
Textile fibres, yarn and fabrics	256.2	350.1	+ 93.9
Cement	65.9	51.5	- 14.4
Iron and steel	40.2	50.8	+ 10.6
Road vehicles and parts	26.6	37.9	+ 11.3
Machinery	154.2	168.1	+ 13.9

The structure of imports by commodity classes has undergone some important changes during the first quarter of 1985 as compared with the same period a year ago. The share of food has decreased from 19.8 to 18.4%, whilst those of animal and vegetable oils and fats taken as a whole and chemicals declined from 5.0 to 3.8% and 7.3 to 5.1% respectively. On the other hand, increases have been recorded in the share of mineral fuels, lubricants and related materials from 15.9 to 18.6% and in that of miscellaneous manufactured articles from 5.6 to 6.9%.

Some of the major groups of commodities that have had a considerable weight in the imports bill of the country during the first quarter of 1985 were textile fibres, yarn and fabrics (Rs 350 Mn) - almost exclusively for the EPZ industries, refined petroleum products (Rs 321 Mn), machinery (Rs 163 Mn) of which Rs 60 million were imported by the EPZ Sector, chemicals (Rs 91 Mn), rice (Rs 84 Mn) and wheat flour (Rs 58 Mn). The share of the above classes of commodities has accounted for more than sixty per cent of the total value of imports.

##### 5. Exports and Imports of EPZ

The Export Enterprise Certificate Industries (EPZ) contributed during the first quarter of 1985 36% to total exports as compared with 33% for the same quarter of 1984. The total value of EPZ exports during the first quarter of 1985 amounted to Rs 507.6 million as against Rs 361.2 million for the same period in 1984. Out of the Rs 146.4 million increase Rs 127.9 million (37%) were accounted for by higher exports of textile and clothing.

It is to be noted that EPZ exports in the first quarter of 1985 are lower than those of the fourth quarter of 1984. This is to be expected when past trends are analysed. In fact, during the past four years this had always been the case. The Rs 500 million mark has been exceeded for the first time for a first quarter.

Imports for industries in the EPZ rose substantially from Rs 336 million during the first quarter of 1984 to Rs 507 million (Rs 447 Mn for raw materials and Rs 60 Mn for machinery) in the same period of 1985, thus resulting in an increase of 51%.

EPZ exports and imports by very broad groups of items exported and imported during the first quarters of 1984 and of 1985 are given in the table hereunder:

	Value Rs Mn	
	1984	1985
	1st Qr.	1st Qr.
Exports (f.o.b.)	361.2	507.6
Clothing & textile	257.3	385.7
Other	103.4	121.9
Imports (c.i.f.)	336.3	507.0
Raw materials	302.8	446.8
Machinery & equipment	33.5	60.2
Net exports	+ 24.9	+ 0.6

## 6. Direction of trade

During the first quarter of 1985 the EEC Countries have, as usual, been the privileged market of Mauritian products. However, signs of a diversification of market have become apparent during the last two years. This seems to be confirmed in the first quarter of 1985 when the share of exports to EEC Countries fell to 77% as compared with 89% and 83% in the corresponding quarter of 1983 and 1984 respectively. As a result of this diversification the United States of America seems to become an important avenue for the Mauritian products. The share of exports to this country during the first quarter of 1985 reached 17% as contrasted with 4% and 8% in the corresponding quarter of 1983 and 1984 respectively. In value, export figures to the EEC Countries were Rs 1,069.6 million with Rs 644.8 million (46%) to the United Kingdom and Rs 300.7 million (22%) to France. The value of exports to the United States of America amounted to Rs 300.3 million (22%).

During the first quarter of 1985, the Country's main sources of supply were the EEC Countries (Rs 472.0 Mn) covering 27% of our total imports. The main suppliers from that group of countries were France (Rs 201.1 Mn) and the United Kingdom (Rs 122.1 Mn). Other important sources were the following countries: Bahrain (Rs 281.8 Mn), China (Rs 130.0 Mn) and the Republic of South Africa (Rs 128.7 Mn).
