This is the twelfth issue of a yearly publication on Social Security Statistics prepared

by Statistics Mauritius.

Concepts and definitions

1. Introduction

As from year 2010, Social Security Statistics are reported on a calendar (January to December) year basis instead of the financial (July to June) year basis. This follows Government decision taken in July 2008 to change reporting period of Government account from year ending 30th June to year ending 31st December.

Thus for 2013 the number of beneficiaries relates to December 2013 while the amount paid refers to period, January to December 2013. On the other end, pension rates are renewed on 1st January instead of 1st July for years before 2010. Figures for 2013 are subject to revision in future issues as additional information becomes available.

2. Social Security benefits

Social Security benefits are classified as non-contributory benefits and contributory benefits.

Non-contributory benefits are entirely financed by government and are payable to every Mauritian citizen under certain residency conditions. These benefits include:

- ❖ Basic pensions which cater for the elderly, the invalids, the widows and the orphans, irrespective of their economic status;
- ❖ Allowances such as Social Aid, Food Aid and Income Support, Unemployment Hardship Relief and Funeral Grant which are payable to the low-income group of the population; and
- ❖ Inmates allowance and indoor relief payable to, or on behalf of, those Mauritians residing in government-subsidized institutions (such as old-people homes, infirmaries and orphanages) provided they would have otherwise benefited from a basic pension or from Social Aid.

Contributory benefits, on the other hand, are payable only to, or on behalf of, those persons who have paid contributions to the National Pensions Fund (NPF). The contributory pensions include old age, invalidity, widows and orphans pensions in addition to industrial injury allowances.

In the case of contributory benefits, the allowances payable vary according to the amount contributed to the NPF by the insured worker. For those persons whose contributions were marginal, government guarantees a minimum contributory pension.

3. Non-contributory benefits

3.1 Basic Retirement Pensions (BRP)

Basic Retirement Pension, also known as old-age pension, is payable to every Mauritian citizen aged 60 years and above subject to certain residency conditions. It is to be noted that during the period December 2004 to June 2005, Basic Retirement Pension was not paid on a universal basis. Persons aged 60 to 89 years were liable to pension subject to the amount of yearly income received.

The Severely Handicapped Basic Retirement pension (BRP/SH) is an additional allowance payable to old-age pensioners who are either

- * Totally blind, or
- ❖ Suffer from total paralysis, or
- Need the constant care of another person

3.2 Basic Widow's Pension (BWP)

Basic Widow's Pension is payable to widows aged 15 to 59 years who were either civilly and/or religiously married and under certain conditions.

3.3 Basic Invalid's Pension (BIP)

The Basic Invalid's Pension is payable to any person aged 15 to 59 years, if certified by a Medical Board that the person is either permanently or substantially incapacitated to work to a degree of 60% or more for at least 12 months.

BIP recipients, who need the constant care and attention of another person, benefit from an additional allowance known as the Carer's allowance.

3.4 Basic Orphan's Pension & Guardian's allowance (BOP)

Basic Orphan's Pension is payable to all orphans under the age of 15, or under 20 years of age if they are in full-time education. As from 1 July 2007, orphans aged 3 to 20 years who are in full-time education benefit from much higher allowance than those aged less than 15 years who do not attend school.

A Guardian's allowance is payable to the person looking after one or more orphans. However, only one allowance is payable per guardian irrespective of the number of orphans under his/her care.

3.5 Child's allowance

Child's allowance is payable to children of beneficiaries of Basic Retirement Pension, Basic Widow's Pension and Basic Invalid's Pension in respect of a child below 15 years, or below 20 years if in full-time education. However, this allowance continues to be paid even after discontinuation of pensions to the parents for some reasons or another. Child's allowance is payable for up to three dependent children.

4. Contribution to the National Pension Fund and contributory benefits

4.1 The National Pensions Scheme

The National Pension Scheme was introduced in April 1976. It provides for the payment of contributory pensions to employees of the private sector who have contributed to the National Pensions Fund (NPF). As from July 1978, contributions to the NPF were compulsory for all employees working for employers with at least 10 employees. Other employees joined the Scheme as from January 1980 except household workers for whom the operative date was July 1980. The self-employed were also eligible to join the Scheme as from July 1980 on a voluntary basis.

Contributions to the Scheme are payable at the rate of 10.5% by millers and large employers of the Sugar Industry (those having at least 100 arpents of sugar cane cultivation) and at the rate of 6% by other employers. For all employees, the contribution rate is 3%. Contributions are not payable on bonus, overtime pay and allowances.

4.2 Contributory Pensions

4.2.1 Contributory Retirement Pension (CRP)

The Contributory Retirement Pension is payable to a person on reaching the age of 60 if he/she has contributed to the National Pensions Fund.

4.2.2 Contributory Widow's Pension (CWP)

The Contributory Widow's Pension is payable to a widow whose late husband had contributed to the National Pensions Fund.

4.2.3 Contributory Invalid's Pension (CIP)

A person is entitled to a Contributory Invalid's Pension if he/she has previously contributed to the National Pension Fund and suffers from a permanent incapacity of at least 60%.

4.2.4 Contributory Orphan's pension (COP)

The Contributory Orphan's pension is payable to orphans under the age of 15, or 18 if the child is at school, if any of the deceased parents had contributed to the NPF.

4.3 Industrial Injury Scheme

5. Charitable Institutions

The Ministry provides some assistance to charitable institutions looking after the care and maintenance of persons unable to support themselves.

- ❖ Indoor relief (also known as the capitation grant) is the grant paid to an institution in respect of every person residing in the institution if that person would have otherwise benefited from a basic pension or from Social Aid.
- ❖ Inmate's Allowance refers to the pocket money given to certain residents of government-subsidized institutions and of the only government psychiatric hospital, Brown Sequard Hospital.

Please note that the data concerning charitable institutions in this publication are not strictly comparable. Statistics shown in Table D are obtained from figures compiled by the Finance Section of the Ministry of Social Security while those in Section 7 are the results of an annual survey conducted by the Statistics Unit of the Ministry among the 24 institutions who received capitation grant from the Ministry of Social Security only. Inmates sent to institutions by the Child Development Unit of the Ministry of Women's Rights, Child Development and Family Welfare are not covered.
