Concepts and definitions

1. Introduction

This issue of the Digest of Social Security Statistics presents tables on social security benefits provided by the Ministry of Social Security, National Solidarity and Environment and Sustainable Development (Social Security and National Solidarity Division) for the period January 2013 to June 2018.

Social Security Statistics was reported on a calendar (January to December) year basis instead of the financial (July to June) year basis from year 2010 to year 2014. This followed Government decision taken in July 2008 to change reporting period of Government account from year ending 30 June to year ending 31 December. Then, in 2015, following Government decision, reporting period reverted to the financial year basis (July to June). This publication presents statistics on Social Security for the period July 2017 to June 2018. However, it is to be noted that due to the changes in reporting period, direct comparison with previous year is not always relevant.

Thus, for 2018, the number of beneficiaries relates to June 2018 while the amount paid refers to financial year, July 2017 to June 2018. Figures for 2018 are also subject to revision in future issues as additional information becomes available.

2. Social Security benefits

Social Security benefits are classified as non-contributory benefits and contributory benefits.

Non-contributory benefits are entirely financed by government and are payable to every Mauritian citizen under certain residency conditions. These benefits include:

- Basic pensions which cater for the elderly, the invalids, the widows and the orphans, irrespective of their economic status;
- Allowances such as Social Aid, Food Aid and Income Support, Unemployment Hardship Relief and Funeral Grant which are payable to the low-income group of the population; and
- Inmates allowance and indoor relief payable to, or on behalf of, those Mauritians residing in government-subsidized institutions (such as old-people homes, infirmaries and orphanages) provided they would have otherwise benefited from a basic pension or from Social Aid.

Contributory benefits, on the other hand, are payable only to, or on behalf of, those persons who have paid contributions to the National Pensions Fund (NPF). The contributory pensions include old age, invalidity, widows and orphans pensions in addition to industrial injury allowances.

In the case of contributory benefits, the allowances payable vary according to the amount contributed to the NPF by the insured worker. For those persons whose contributions were marginal, government guarantees a minimum contributory pension.

3. Non-contributory benefits

3.1 Basic Retirement Pensions (BRP)

Basic Retirement Pension, also known as old-age pension, is payable to every Mauritian citizen aged 60 years and above subject to certain residency conditions. It is to be noted that during the period December 2004 to June 2005, Basic Retirement Pension was not paid on a universal basis. Persons aged 60 to 89 years were liable to pension subject to the amount of yearly income received.

The Carer's Allowance is an additional allowance payable to old-age pensioners who are either

- ✤ Totally blind, or
- ✤ Suffer from total paralysis, or
- ✤ Need the constant care of another person

3.2 Basic Widow's Pension (BWP)

Basic Widow's Pension is payable to widows aged 15 to 59 years who were either civilly and/or religiously married and under certain conditions.

3.3 Basic Invalid's Pension (BIP)

The Basic Invalid's Pension is payable to any person under the age of 60, if certified by a Medical Board that the person is either permanently or substantially incapacitated to work to a degree of 60% or more for at least 12 months.

BIP recipients, who need the constant care and attention of another person, benefit from an additional allowance known as the Carer's allowance.

3.4 Basic Orphan's Pension (BOP) & Guardian's allowance

Basic Orphan's Pension is payable to all orphans under the age of 15, or under 20 years of age if they are in full-time education. As from 1 July 2007, orphans aged 3 to 20 years who are in full-time education benefit from much higher allowance than those aged less than 15 years who do not attend school.

A Guardian's allowance is payable to the person looking after one or more orphans. However, only one allowance is payable per guardian irrespective of the number of orphans under his/her care.

3.5 Child's allowance

Child's allowance is payable to children of beneficiaries of Basic Retirement Pension, Basic Widow's Pension and Basic Invalid's Pension in respect of a child below 15 years, or below 20 years if in full-time education. However, this allowance continues to be paid even after discontinuation of pensions to the parents for some reasons or another. Child's allowance is payable for up to three dependent children.

4. Contribution to the National Pension Fund and contributory benefits

4.1 The National Pensions Scheme

The National Pension Scheme was introduced in April 1976. It provides for the payment of contributory pensions to employees of the private sector who have contributed to the National Pensions Fund (NPF).
