Note: Readers are invited to make the distinction between official data which are published in the Economic and Social indicators and the analysis presented for the benefit of general readers. Differences of opinion may arise regarding the analytical part but these do not in any way, undermine the quality of the data. The Editors welcome constructive critical comments.

Export Oriented Enterprises (EOE) 4th Quarter 2025

1. Introduction

This issue of “Economic and Social Indicators” (ESI) presents the results of the Quarterly Survey of Employment among Export Oriented Enterprises (EOE), conducted by Statistics Mauritius at the end of December 2025.

It also includes provisional figures on EOE imports and exports for the fourth quarter of 2025 as well as figures for the years 2024 and 2025. Table 1 shows the main indicators of the EOE sector for the period 2017 to 2025.

EOE consist of enterprises formerly holding an EPZ certificate as well as enterprises manufacturing goods for export and holding a registration certificate issued by the ex-Board of Investment.

2. Employment

2.1 Employment – 4th Quarter 2025

Compared to the third quarter of 2025, employment in EOE decreased by 210 (-0.7%) from 28,434 to 28,224. Male employment dropped by 50 from 16,248 to 16,198 and female employment fell by 160 from 12,186 to 12,026 (Table 2).

The number of Mauritians employed in the EOE sector decreased by 197 (-1.3%) (+49 males and -246 females) from 14,935 to 14,738 and the number of foreign workers decreased by 13 (-0.1%) (-99 males and +86 females) from 13,499 at the end of September 2025 to 13,486 at the end of December 2025 (Table 2).

The decrease of 210 in employment in the EOE sector during the fourth quarter of 2025 is the net result of 490 jobs lost and 280 jobs created. The job losses were due to some contraction of workforce in existing enterprises whilst jobs created were due to expansion in some enterprises.

2.2 Evolution of employment from December 2024 to December 2025

From December 2024 to December 2025, total employment in EOE decreased by 3,182 (-10.1%) from 31,406 to 28,224. The number of Mauritian workers decreased by 2,326 (-863 males and -1,463 females). Employment of foreign workers decreased by 856 (-582 males and -274 females) (Tables 2 and 5).

Job losses occurred mainly in enterprises engaged in the manufacture of “Wearing apparel” with a decrease of 1,989 jobs.

Details of employment by product group and sex are given in Table 3 and changes in employment by product group in Table 4.

3. Exports and Imports

Statistics on imports and exports are compiled from declarations lodged at Customs by importers and exporters. Some of these declarations are, at times, revised at a later period and corrections made accordingly on the computerised database of the Mauritius Revenue Authority (MRA) - Customs Department. Thus, while figures for 2024 are final, those for 2025 are subject to revision as and when the MRA - Customs Department submits latest amendments to Statistics Mauritius.

3.1 Exports and Imports – 4th Quarter 2025

3.1.1 Exports (f.o.b)

Provisional figures show that EOE exports during the fourth quarter of 2025 amounted to R 11,012 million, that is, R 41 million (+0.4%) higher compared to the third quarter of 2025 (Table 8). That was mainly the result of increases observed in exports of “Live animals other than fish” (+R 446 million or +31.5%) and “Textile yarn, fabrics, made up articles” (+R 236 million or + 18.4%) partly offset by decreases in exports of “Fish & fish preparations” (-R 526 million or -16.2%) and “Articles of apparel and clothing” (-R 146 million or -5.0%).

Compared to the corresponding quarter of 2024, EOE exports decreased by R 61 million (-0.6%).

Details on EOE exports by section are given in Table 9.

South Africa, United States of America (USA), United Kingdom (UK), Madagascar and France remain the principal EOE markets in the fourth quarter of 2025, together accounting for R 7,717 million (70.1%) of total EOE exports (Table 11). The table below highlights the changes in our main EOE exports markets.

EOE exports by main country of destination

(R million)

Country of destination	Exports Q4 2025	Change on	
		Q3 2025	Q4 2024
South Africa	2,250	+54	+196
USA	2,034	+401	+638
United Kingdom	1,440	-78	-110
Madagascar	1,003	+71	+3
France	990	-31	-170

Compared to the previous quarter, EOE exports to our main markets showed increases as follows: USA (+24.6%), Madagascar (+7.6%) and South Africa (+2.5%) whilst United Kingdom and France registered decreases of 5.1% and 3.0% respectively.

When compared to the fourth quarter of 2024, EOE exports towards USA, South Africa and Madagascar showed increases of 45.7%, 9.5% and 0.3% respectively while decreases were registered for France (-14.7%) and United Kingdom (-7.1%).

Further details are given in Table 11.

3.1.2 Imports (c.i.f)

EOE imports during the fourth quarter of 2025 were estimated at R 5,625 million, representing a decrease of R 290 million (-4.9%) compared to the third quarter of 2025. This decrease is due to lower imports of “Raw materials” by R 271 million (-4.9%) and lower imports of “Machinery” by R 19 million (-5.3%) (Table 8).

Compared to the corresponding quarter of 2024, imports decreased by R 473 million (-7.8%), mainly due to decreases in imports of “Chemicals and related products, n.e.s” by R 219 million (-30.7%), “Textile yarn and fabrics” by R 143 million (-12.5%), and “Cotton” by R 115 million (-23.9%).

Details on EOE imports by section are given in Table 10.

3.1.3 Net exports

Net exports, i.e. exports minus imports, amounted to R 5,387 million in the fourth quarter of 2025 and its ratio to total exports worked out to 48.9% compared to 44.9% in the corresponding quarter of 2024 (Table 8).

It is to be noted that the above exports and imports figures do not include transactions of the EOE with the Freeport. EOE sales to the Freeport, considered as local sales, were valued at R 14 million in the fourth quarter of 2025 compared to R 5 million in the fourth quarter of 2024. These sales are included in exports of Freeport, as and when the goods leave the country.
