Note: Readers are invited to make the distinction between official data which are published in the Economic and Social indicators and the analysis presented for the benefit of general readers. Differences of opinion may arise regarding the analytical part but these do not in any way, undermine the quality of the data. The Editors welcome constructive critical comments.

Export Oriented Enterprises (EOE) 2nd Quarter 2026

1. Introduction

This issue of “Economic and Social Indicators” (ESI) presents the results of the Quarterly Survey of Employment among Export Oriented Enterprises (EOE), conducted by Statistics Mauritius at the end of June 2026.

It also includes provisional figures on EOE imports and exports for the second quarter of 2026 as well as figures for the years 2024 and 2025. Table 1 shows the main indicators of the EOE sector for the period 2017 to 2025.

EOE consist of enterprises formerly holding an EPZ certificate as well as enterprises manufacturing goods for export and holding a registration certificate issued by the ex-Board of Investment.

2. Employment

2.1 Employment – 2nd Quarter 2026

Compared to the first quarter of 2026, employment in EOE decreased by 771 (-2.8%) from 27,428 to 26,657. Male employment fell by 465 from 15,735 to 15,270 and female employment dropped by 306 from 11,693 to 11,387 (Table 2).

The number of Mauritians employed in the EOE sector decreased by 217 (-1.5%) (-24 males and -193 females) from 14,357 to 14,140 and the number of foreign workers dropped by 554 (-4.2%) (-441 males and -113 females) from 13,071 at the end of March 2026 to 12,517 at the end of June 2026 (Table 2).

The decrease of 771 in employment in the EOE sector during the second quarter of 2026 is the net result of 945 jobs lost and 174 jobs created. The job losses were due to contraction of workforce in some enterprises and closure of enterprise whilst jobs created were due to expansion in existing enterprises.

2.2 Evolution of employment from June 2025 to June 2026

From June 2025 to June 2026, total employment in EOE decreased by 2,075 (-7.2%) from 28,732 to 26,657. Employment of Mauritian workers decreased by 1,084 (-241 males and -843 females). The number of foreign workers decreased by 991 (-761 males and -230 females) (Tables 2 and 5).

Job losses occurred mainly in enterprises engaged in the manufacture of “Wearing apparel” with a decrease of 1,652 jobs.

Details of employment by product group and sex are given in Table 3 and changes in employment by product group in Table 4.

3. Exports and Imports

Statistics on imports and exports are compiled from declarations lodged at Customs by importers and exporters. Some of these declarations are, at times, revised at a later period and corrections made accordingly on the computerised database of the Mauritius Revenue Authority (MRA) - Customs Department. Thus, while figures for 2024 are final, those for 2025 and first and second quarters of 2026 are subject to revision as and when the MRA - Customs Department submits latest amendments to Statistics Mauritius.

3.1 Exports and Imports – 2nd Quarter 2026

3.1.1 Exports (f.o.b)

Provisional figures show that EOE exports during the second quarter of 2026 amounted to R 11,005 million, that is, R 1,728 million (+18.6%) higher compared to the first quarter of 2026 (Table 6). That was mainly the result of increases observed in exports of “Fish and fish preparations” (+R 512 million or +18.7%), “Live animals other than fish” (+R 379 million or +29.6%), “Articles of apparel and clothing” (+ R 243 million or +11.1%) and “Textile yarn, fabrics, made up articles” (+R 169 million or +17.0%).

Compared to the corresponding quarter of 2025, EOE exports increased by R 132 million (+1.2%).

Details on EOE exports by section are given in Table 7.

South Africa, United States of America (USA), United Kingdom (UK), France and Spain are the principal EOE markets in the second quarter of 2026, together accounting for R 7,213 million (65.5%) of total EOE exports (Table 9). The table below highlights the changes in our main EOE exports markets.

EOE exports by main country of destination

Country of destination	Exports Q2 2026	(R million)	
		Change on	
		Q1 2026	Q2 2025
South Africa	1,981	+511	-3
USA	1,679	+440	+148
United Kingdom	1,313	-217	-50
France	1,204	+231	+19
Spain	1,036	+43	-127

Compared to the previous quarter, EOE exports to our main markets showed increases as follows: United States of America (USA) (+35.5%), South Africa (+34.8%), France (+23.7%) and Spain (+4.3%). However, a decrease of 14.2% was observed in EOE exports to United Kingdom.

When compared to the second quarter of 2025, increases in EOE exports towards United States of America (USA) (+9.7%) and France (+1.6%) were noted while decreases of 10.9%, 3.7% and 0.2% were observed in EOE exports to Spain, United Kingdom and South Africa respectively.

Further details are given in Table 9.

3.1.2 Imports (c.i.f)

EOE imports during the second quarter of 2026 were estimated at R 6,047 million, representing an increase of R 811 million (+15.5%) compared to the first quarter of 2026. This increase is due to higher imports of “Raw materials” by R 700 million (+13.9%) and “Machinery” by R 111 million (+54.4%) (Table 6).

Compared to the corresponding quarter of 2025, imports decreased by R 245 million (-3.9%), mainly due to decreases in imports of “Fish and fish preparations” by R 330 million (-14.4%) and ‘Textile yarn and fabrics” by R 207 million (-18.8%) partly offset by an increase in imports of “Cotton” by R 186 million (+47.8%)

Details on EOE imports by section are given in Table 8.

3.1.3 Net exports

Net exports, i.e. exports minus imports, amounted to R 4,958 million in the second quarter of 2026 and its ratio to total exports worked out to 45.1% compared to 42.1% in the corresponding quarter of 2025 (Table 6).

It is to be noted that the above exports and imports figures do not include transactions of the EOE with the Freeport. EOE sales to the Freeport, considered as local sales, were valued at R 6 million in the second quarter of 2026 compared to R 9 million in the second quarter of 2025. These sales are included in exports of Freeport, as and when the goods leave the country.
