FOREWORD

This is the twenty fifth issue of a yearly publication on education statistics prepared by the Central Statistics Office.

Tables presented in this report relate to the Republic of Mauritius and cover latest available information on pre-primary, primary, secondary, vocational and technical as well as tertiary education.

The data have been compiled on the basis of information collected through surveys conducted in 2008 among educational institutions, as well as from the Mauritius Examinations Syndicate and the Tertiary Education Commission.

It is hoped that the data assembled in this report will be of valuable help to the public in general, particularly to education planners and policy makers. The preparation of this report has necessitated the collaboration of the Ministry of Education, Culture and Human Resources, the Central Information Systems Division, educational institutions, and several other organisations.
