=====

As from 1985 the report on External Trade Statistics is being published on a quarterly basis by the Central Statistical Office. This is the fourth issue for the year 1986; it contains data relating to the fourth quarter and to the year 1986.

The report is designed to disseminate, in summary form, data on the exports and imports of the country for a quarter or for the year as soon as they become available. More detailed data for the year 1986 will appear in the Annual Report of the Customs and Excise Department.

A table (table 23) giving a cross classification of imports by countries and by section for 1986 appears in this report. This table is worked out only for yearly data and is therefore being published in the fourth quarter/year report.

Basic data for the preparation of this publication have been obtained from the bills of entry of the Customs and Excise Department.

Some of the figures are provisional and are liable to revision in future. Figures have been rounded off to the nearest final digit, and in some tables there may be discrepancies between the sum of the constituent items and the total.

It is hoped that data contained in this report will be useful to the public in general and to all those in the field of external trade.

## INTRODUCTION

### 1. Total Trade

The value of total trade during the fourth quarter of 1986 showed a 5% increase over the previous quarter; in volume terms this represents only a 1% growth. However, compared with the corresponding period in 1985, the real growth works out to about 32%.

The volume of international trade of the country grew by about 34% during the year 1986 over 1985 with relatively high levels of both exports and imports amounting nominally to Rs 9,401 million and Rs 9,090 million respectively. In fact, the total trade value attained Rs 18,491 million in 1986 - a 22% rise in value terms over 1985.

### 2. Balance of Trade

The country registered a surplus of Rs 193 million in its balance of trade during the fourth quarter of 1986, thereby witnessing in 1986 an overall surplus of about Rs 311 million for the first time since 1974.

It is to be noted that in 1986 there has been a shift from a deficit of more than one billion rupees in the previous year to a surplus of more than Rs 300 million.

### 3. Terms of Trade

During the fourth quarter of 1986, the terms of trade have progressed by 7 points from the previous quarter to reach 156. This was in keeping with the general upward trend of the terms of trade since the second quarter of 1985, when they stood at 107.

The terms of trade for the year 1986 have jumped to 146, improving by 33 points from the previous year. This was due to a slight increase of about 2% in the overall prices of exported goods and a significant decline of about 21% in the prices of imported commodities.

### 4. Exports

The volume of exports has contracted by about 9% during the fourth quarter of 1986 with respect to the previous one. In nominal terms the value of exports decreased marginally from Rs 2,843 million to Rs 2,775 million. However, compared with the fourth quarter of 1985, a volume growth of about 19% is noted.

(ii)

For the year 1986, the country has performed remarkably well in terms of exports. In fact, earnings from export proceeds have attained Rs 9,401 million as compared with Rs 7,018 million during the previous year - an increase of nearly 34% in value and about 31% in volume. Exports since 1983 have grown at an annual rate of about 27% at current prices and about 16% at constant prices.

In 1986, 625 thousand metric tons of sugar were shipped for an export value of Rs 3,545 million (40% of total domestic exports) as against 540 thousand metric tons for Rs 2,867 million (4% of total domestic exports) during 1985. The increase in earnings is accounted for by higher volume (+ 16%) and prices (+ 7%).

The performance of the EPZ sector has been impressive during 1986 with a gross exports of Rs 4,960 million as against Rs 3,272 million in 1985. Clothing and textiles remained the bulk of EPZ exports with a share of 83%.

Exports of tea have declined to Rs 104 million in 1986 from Rs 178 million in 1985. This was due to a reduction in both volume (- 7%) and prices (- 37%). In fact, the export price of tea declined to Rs 16.06 per kg in 1986 from Rs 25.48 per kg the previous year.

During the year 1986, just over three quarters of the country's exports went to the E.D.C. Countries (Rs 7,006 Mn). The United Kingdom and France absorbed 38% and 23% respectively. Exports to the United States of America have attained Rs 1,455 million as against Rs 999 million in 1985.

## 5. Imports

Imports during the fourth quarter of 1986 registered an increase of nearly 14% in value over the previous quarter, i.e. rising from Rs 2,267 million to Rs 2,582 million. The level of import prices having only slightly increased over that of the previous quarter, the real growth in imports has been about 11%.

In 1986, the level of imports attained Rs 9,090 million, increasing by about 12% over that of 1985. When the effects of prices are removed, imports are seen to have expanded by about 42% in real terms over 1985. As in the case of exports, imports, too, have shown a persistent upward trend. Since 1983, imports have grown at an annual rate of about 21% at current prices and about 22% at constant prices.

A significant increase was recorded in the imports of raw materials and machinery by the EPZ sector (+ Rs 1,313 Mn). On the other hand, a considerable reduction was noted in the value of imports of petroleum products (- Rs 448 Mn), while less important decreases were obtained in the imports of vegetable oils and fats, rice and wheaten flour. These substantial reductions were mainly the result of lower prices of these commodities on the world market. A summary of these changes follows:-

(iii)

	<u>Rs Mn</u>		
	<u>1985</u>	<u>1986</u>	<u>Change</u>
Textile fibres, yarn and fabrics	1,737	2,593	+ 856
Machinery	914	1,259	+ 345
Refined petroleum products	1,096	648	- 448
Rice	280	163	- 117
Vegetable oils and fats	193	86	- 107
Wheaten flour	243	211	- 32

A major proportion (62%) of the import bill for 1986 covers the following three broad groups of commodities: food items (Rs 1,176 Mn), refined petroleum products (Rs 648 Mn) and EPE raw materials and equipment (Rs 3,837 Mn).

EPZ imports went up in 1986 by over 50% from their level in 1985 to reach Rs 3,837 million. Of this, raw materials constituted 87% (Rs 3,346 Mn) while the rest was machinery and equipment. Out of the Rs 1,313 million increase in EPZ imports from 1985 to 1986, Rs 1,126 million are accounted for by higher imports of raw materials. This gives a good picture of the expansion of the level of EPZ activity in the economy. However, the percentage of EPZ imports to exports has remained at its 1985 level of 77%.

More than one third of the country's total imports for 1986 was supplied by the E.E.C. countries; as usual, the two main suppliers were France (14%) and the United Kingdom (8%). Others were the Gulf Countries (Rs 620 Mn), the Republic of South Africa (Rs 910 Mn) and Japan (Rs 636 Mn).

The 1986 quarterly domestic and total exports of this table will differ from those of other tables of this report as revised figures of monthly sugar exports for 1986 have just recently been obtained from the Mauritius Sugar Syndicate and necessary monthly/quarterly amendments have been made only for this table; other tables being already stenciled.
