CENTRAL STATISTICAL OFFICE

DIGEST
OF
EXTERNAL TRADE
STATISTICS
Year 1999

Foreword

This report on External Trade Statistics was published on a semester basis from 1989 up to 1994. As from 1995 an annual report incorporating data for the four quarters is published.

This issue contains quarterly and yearly data on exports and imports relating to the year 1998 and 1999.

The basic data for the preparation of this publication are obtained from bills of entry filed in at the Customs and Excise Department. The Mauritius Sugar Syndicate and the State Trading Corporation provide supplementary information. The Central Information Systems Division (CISD) is responsible for the processing of the data. Grateful acknowledgement is expressed here to all these departments and organisations for their continued co-operation.

It is hoped that data given in this report proves useful to the public in general and to users of external trade statistics in particular.

External Trade – Year 1999

Introduction

Data on international trade are compiled as per the recommendations of the United Nations General Trade System. As this system accounts for all goods entering and leaving the national frontier, trading activities of the Freeport zone should also be covered. However, for the sake of comparability and continuity, data from the two sources, namely the Customs Department and the Mauritius Freeport Authority are shown separately. Data pertaining to imports and re-exports of the Freeport are given in Table 2. With this exception, all the other tables refer to usual customs data.

1. Total value of trade and trade balance

Total exports for the year 1999 reached Rs.40,025 million while imports amounted to Rs.56,629 million, showing a trade deficit of Rs.16,604 million which is 71% higher than the figure of Rs.9,691 million registered during last year. A large part of this deficit is attributed to the unfavourable climatic conditions which caused a fall of 15% in the nominal value of proceeds from exports of sugar, and to the purchase of an aircraft for a value of Rs.2,700 million.

2. Terms of Trade (base year 1997=100)

The terms of trade for the year 1999 fell by 8 percentage points to 100 from a figure of 108 for the previous year. Between 1998 and 1999, export prices fell by 1% on the average while import prices went up by 6%.

Details of price changes for exports and imports are given in Tables 5 and 6.

3. Exports

Total export proceeds for the year 1999, including domestic exports, re-exports and ship's stores and bunkers, were almost at the same level as in 1998, i.e Rs.40,025 million compared to Rs.40,051 million.

Domestic exports, which represented 94% of total exports, amounted to Rs.37,705 million in 1999 compared to Rs.37,762 in 1998 (-0.2%).

The table below shows the main changes in total exports during the last two years.

(f.o.b value): Million Rupees

S.I.T.C Section	1998	1999	Change (%)		
			Value	Price	Volume
Total Domestic Exports	37,762	37,705	-	- 1	+ 1
Food and live animals	10,589	9,142	- 14	+ 4	- 17
<i>of which Sugar</i>	8,907	7,602	- 15	+ 6	- 20
Crude materials, inedible, except fuels	334	299	- 10	+13	- 20
Chemicals & related products	203	242	+19	- 9	+31
Manufactured goods classified chiefly by materials	2,323	2,767	+19	- 5	+25
Miscellaneous manufactured articles	24,079	25,114	+ 4	- 3	+ 7

Exports of sugar, with a share of 20% of domestic exports, went down by 15% in value, as a result of a 6% increase in price and a 20% decrease in volume. Exports of "manufactured goods classified chiefly by materials" increased by 19% in nominal terms, being the combined effect of a 25% increase in volume and a 5% decrease in prices. Proceeds from exports of "miscellaneous manufactured articles", which include mostly products of the EPZ sector and representing 67% of domestic exports, increased by 4% in value as a consequence of an increase of 7% in volume and a fall of 3% in prices.

In 1999, 70% of our proceeds from exports originated from countries of the European Union. The value of exports to these countries fell from Rs.28,333 million in 1998 to Rs.27,527 million in 1999 (- 3%). The United Kingdom remained our main partner with 33% (Rs.12,798 million) of our total exports. The other major markets were France (Rs.7,262 million), U.S.A (Rs.7,030 million), Malagasy Republic (Rs.1,894 million), Germany (Rs.1,725 million) and Italy (Rs.1,249 million).

4. Imports

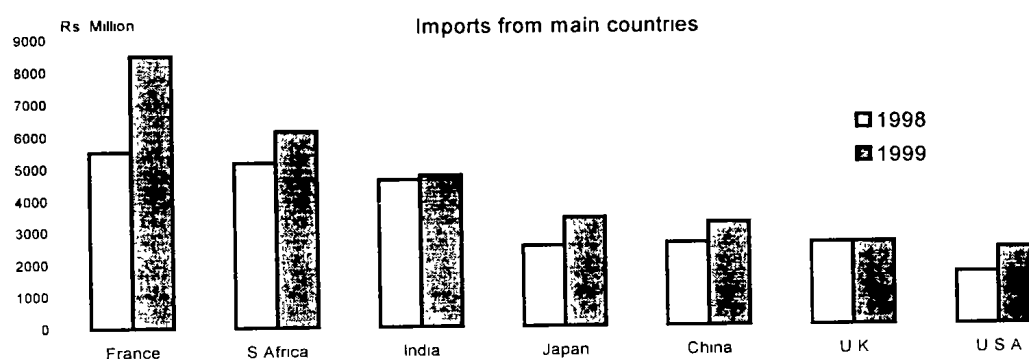

Total imports for the year 1999 reached Rs.56,629 million, showing an increase of 14% over the previous year. If imports of aircraft and spare parts are excluded, the

increase would be around 10%, as a consequence of a 6% increase in price and 4% increase in volume.

The table below shows comparative import figures for the years 1998 and 1999.

Imports (product group)	<i>(c.i.f value : Million Rupees)</i>		Change (%)		
	1998	1999	Value	Price	Volume
Total imports (excl. aircraft)	49,040	53,835	+ 10	+ 6	+ 4
Food and live animals, beverages and tobacco	7,138	7,288	+ 2	- 2	+ 4
Mineral fuels, lubricants and related materials	3,145	4,046	+29	+27	+ 2
Chemicals and related products	3,890	3,882	-	+ 7	- 7
Manufactured goods	21,484	21,878	+ 2	+ 5	- 3
Machinery & transport equipment	10,667	14,351	+35	+ 9	+24
Other goods	2,716	2,390	- 12	- 4	- 8

The highest increase in nominal terms was registered for the group "*Machinery and transport equipment*", whose import value, excluding aircraft, rose by 35%, as a result of a 9% increase in prices and 24% increase in volume. Imports of "*mineral fuels, lubricants and related materials*" went up by 29%, consequent to increases of 27% in prices and 2% in volume.

Imports by country of origin (Table 20) show that our main source of imports during the year 1999 remained the European Union with a share of 33% of our imports. Country-wise, our main suppliers were: France (15%), the Republic of South Africa (11%), India (8%), Japan (6%), China (6%), United Kingdom (5%) and U.S.A (3%).

5. Trade with Regional Organisations

Total exports to African, Caribbean and Pacific (ACP) States increased by 8% during the year 1999 to reach to Rs.2,439 million; while imports stood at Rs.1,716 million, showing a decrease of 15% over the previous year. (Table 31).

During the year 1999, Mauritius exported goods to a value of Rs. 2,368 million to COMESA countries while imports from these countries amounted to Rs.1,186 million, thus showing a balance of Rs.1,182 million in favour of Mauritius (Table 32).

The main partner was Malagasy Republic with shares of 80% of exports and 50% of imports.

Imports from SADC countries for the year 1999 amounted to Rs.6,618 million compared to exports worth Rs.549 million, thus showing a trade deficit of Rs.6,069 million (Table 33). The main supplier was the Republic of South Africa (93%) while our main buyers were the Republic of South Africa (34%), Seychelles (22%), Zimbabwe (21%) and Tanzania (11%).

6. Trade in Freeport Zone

A summary table on data pertaining to activities in the Freeport compiled by the Mauritius Freeport Authority is given at Table 2.

During the year 1999, total imports of the Freeport Zone amounted to Rs.3,131 million, which is 11% lower than the figure registered during the previous year while re-exports fell by 14% to reach Rs.3,389 million.

External Trade

Notes

1. Coverage

Trade figures are compiled according to the **General Trade System** as recommended by the United Nations. Using the national boundary as the statistical frontier, the General Trade System is a record of all goods entering (imports) and leaving the country (exports). However, for the sake of comparability and continuity, transactions of the Freeport zone are not included.

- Imports include goods brought in directly for domestic consumption plus goods imported into customs bonded warehouses
- Exports cover domestic exports and re-exports which include re-exports from customs bonded warehouses. Domestic exports are defined as goods of national origin. Re-exports are goods which are exported in the same condition as imported or after undergoing minor operations which leave them essentially unchanged.
- Ships stores and bunkers are included in total exports and are shown separately.
- Trade by parcel post is also included in imports and exports

2. Valuation

Imports are valued on a C.I.F. (Cost, Insurance and Freight) basis whilst exports on a F.O.B. (Free On Board) basis.

C.I.F. value is the value in the market at the Customs frontier of a country of her imports of merchandise, other goods, etc. including all charges for transporting and insuring the goods from the country of exports to the given country but excluding the cost of unloading from the ship, aircraft etc. unless it is borne by the carrier.

F.O.B. value is the value in the market at the Customs frontier of a country of her exports of merchandise and other goods, including all costs of transporting the goods to the Customs frontier, export duties and the cost of loading the goods on to the carrier unless the latter cost is borne by the carrier.

3. Classification - (Commodity Code)

Commodities are coded according to the Harmonised Commodity Description and Coding System Nomenclature (HS). However, for the purposes of economic analysis and to facilitate international comparison of trade by commodity data, the commodities are also classified according to the Standard International Trade Classification (Revision 3) or SITC Rev. 3. The HS and the SITC Rev. 3 are six and five digit codes respectively but have been extended to eight and seven digits to accommodate national requirements.

4. Terms of trade

The terms of trade index measures the price movements of exports relative to imports. It is the ratio of export price index to import price index. A rise in this ratio indicates that the real purchasing power of exports has increased whilst a decrease indicates a drop in the purchasing power
