

Business Activity Statistics, July 2006 - June 2007

Introduction

Statistics on business activities undertaken in the Island of Mauritius are compiled mainly from administrative records. They cover activities which are either licensed with the local authorities (municipalities and district councils) or registered with the appropriate organisations such as the Medical and Dental Council, the National Transport Authority, the Tourism Authority, etc. All agricultural activities are presently excluded.

It is to be noted that statistics on business activity presented in this publication refer to the total number of licensed or registered activities and not to the total number of operation units or enterprises.

2. Legal framework

Prior to October 2006, all entities in business had to be licensed with the relevant Municipality or District Council, or registered with the appropriate organisation. For each type of activity, the operator held a different licence. Thus, an entity selling foodstuff and non foodstuff, manufactured tobacco, cakes and pastries would be operating with three licences.

With the coming into operation of the Business Registration and Business Facilitation Acts on the 1st of October 2006 and amendments brought to various regulations, an operator now holds one licence irrespective of the number of activities carried out, provided that all the activities fall within the same cluster. Thus, the entity mentioned above would, upon renewal of its licences, operate with only one licence even though it is still carrying out the same three activities. The other two licences have been treated as cancelled for administrative purposes.

The statistics on licences and registrations collected prior to October 2006 are not strictly comparable with those collected after October 2006. Care should therefore be taken when comparing figures presented in this publication.

3. Evolution of licences between July 2006 and June 2007

During the reference year, 9,141 new licences were issued, of which 5,757 (63%) pertained to activities classified under 'Wholesale and retail trade; repair of motor vehicles, personal and household goods'. During the same period 4,654 licences were cancelled, thus bringing the total number of licences as at June 2007 to 84,138 representing an increase of 6% over the previous year figure of 79,651 (Table 1). The large number of cancellations registered is mostly due to different regulations in place before and after 1st October 2006, as mentioned above. The distribution of licences by industry group and district is showed in Table 2.

4. Registrations by industry group and district as at 30 June 2007

The number of registered activities increased by 552 (2%) from 28,745 in July 2006 to 29,297 in June 2007. The industry group 'Transport, storage and communications' had the highest number of registered activities with 20,637 (70%) as at June 2007, followed by 'Real estate, renting and business activities' with 2,737 (9%) (Table 3).

5. Adjusted licences and registrations as at June 2007

Table 4 shows the total number of licensed and registered activities as at June 2007, adjusted for double counting. Activities which are both licensed and registered are included in registrations only.

The total number of adjusted licensed and registered activities increased by 5% from 102,594 in June 2006 to 107,270 in June 2007. Out of these around 55% (58,735) fell under the industry group 'Wholesale and retail trade; repair of motor vehicles, personal and household goods' and another 20% (21,147), under 'Transport, storage and communications'.

6. Distribution of adjusted licences and registrations by industry group and region

Table 5 shows the distribution of adjusted licensed and registered activities by industry group and region (urban and rural). The number of activities was slightly higher in rural areas (54%) than in urban areas. Activities predominant in the rural regions were from the industry groups 'Other community, social and personal service activities' (65%) and 'Hotels and restaurants' (64%). On the other hand, activities pertaining to the following industry groups were found mostly in the urban areas: 'Health and social work' (76%), 'Real estate, renting and business activities' (63%) and 'Construction' (59%).

7. Distribution of adjusted licences and registrations by industry group and district

Table 6 shows that the highest number of licensed and registered activities was in the district of Plaines Wilhems (29,321), representing 27%, followed by the district of Port Louis (20,426). The smallest number occurred in the district of Black River with a total of 4,261 activities (4%).

8. Licences and registrations by activity, district and industry group

Tables 7.1 to 7.8 give a breakdown of the licensed and registered activities for the different industry groups, by activity and district.

Technical Notes

1. General

Data compiled in this publication provide the information on demography and trend of business activities in the different economic sectors of the country.

2. Concepts and Coverage

An operator is required to obtain a licence from the Municipal or District Councils or to register with the appropriate Ministry or organisations (e.g Ministry of Education and Human Resources, the Medical Council, the National Transport Authority, the Tourism Authority, etc.) in order to operate. Statistics published in this report pertain only to activities that are either licensed or registered. However, all agricultural related activities, except those in the manufacture of food products, are not covered.

Statistics on licences relate to the number of licences as delivered by the local authorities. Similarly statistics on registrations are those as registered with the appropriate Ministries or organisations. In some cases, an operator may hold both a licence and a registration certificate. To avoid double counting, while compiling statistics on both licences and registrations, such activities have been accounted for in registration only. For example the owner of a bus, besides registering his vehicle with the National Transport Authority may also hold a licence issued by a district council. In the table giving figures for both licences and registrations, the activity of the bus owner is accounted for in registration only.

3. Classification and presentation of data

To cater for the wide range and diverse business activities and for classification purposes, each activity has been assigned an activity code according to the **National Standard Industrial Classification of Economic Activities (NSIC)**, which is an adapted version of the International Standard Industrial Classification (ISIC), Rev. 3, 1990.

The NSIC consists of 5 levels of classification namely:

Level 1	Section:	17 sections identified by one of the letters A to Q
Level 2	Division:	56 divisions identified by the first 2 digits
Level 3	Group:	151 groups identified by the first 3 digits
Level 4	Classes:	302 classes identified by the first 4 digits
Level 5	Sub-classes:	548 sub-classes identified by the 5 digits

The 17 sections are as follows:

Section	Description	Division
A	Agriculture, Hunting & Forestry	01 and 02
B	Fishing	05
C	Mining & Quarrying	14
D	Manufacturing	15 – 37
E	Electricity, Gas & Water supply	40 and 41
F	Construction	45
G	Wholesale and Retail trade; Repair of motor vehicles, motorcycles & personal and households goods	50 – 52
H	Hotels and Restaurants	55
I	Transport, Storage & Communications	60 – 64
J	Financial Intermediation	65 – 67
K	Real Estate, Renting & Business activities	70 – 74
L	Public administration & Defence; Compulsory Social security	75
M	Education	80
N	Health & Social work	85
O	Other Community, Social & Personal service Activities	90 – 93
P	Private households with employed persons	95
Q	Extra-territorial organisations & bodies	99

3. Data sources

Licences: - Municipalities and District Councils

- Registrations:**
- Ministry of Industry, Small and Medium Enterprises, Commerce and Cooperatives (EPZ, Pioneer & ESZ)
 - National Transport Authority (Public transport)
 - Ministry of Education and Human Resources (Private schools)
 - Judicial Department (Legal activities)
 - Professional Councils (Medical Practitioners, Dentists, Architects, etc.)
 - Customs Department (Freeport companies)
 - Financial Services Commission (Offshore Companies)
 - The Police Department (Driving schools)
 - Tourism Authority
 - Beach Authority
